Alex Morgan

BACKEND DEVELOPER

alex.morgan@example.com | Pune, India

Fictional candidate - demonstration use only

PROFILE

Backend developer with 4 years of professional experience building order and inventory services using Python, FastAPI, and PostgreSQL.

TECHNICAL SKILLS

Python | FastAPI | PostgreSQL | REST APIs | pytest | Git

PROFESSIONAL EXPERIENCE

Backend Developer | Maplebridge Retail Systems (fictional)
July 2022 - June 2026 | 4 years

- Built Python services to validate customer orders and automate daily inventory reconciliation.
- Developed FastAPI endpoints for order creation, status updates, and inventory lookups.
- Designed PostgreSQL tables and queries for order history, stock levels, and customer records.
- Implemented REST API request validation, pagination, and consistent error responses for order services.
- Wrote pytest unit and integration tests for order validation, API responses, and database operations.
- Used Git branches and pull requests to review changes and maintain the shared backend codebase.

EDUCATION

BSc Computer Science
Westfield Institute of Technology (fictional) | 2022
